

Trenton Non-binding Resolution

Resolution Supporting the Creation of an Equitable Health Care Plan for all Maine Residents

Whereas, every person in Trenton deserves health care; and

Whereas, access to health care is a basic human right that should not depend on employment or ability to pay; and

Whereas, the current pandemic and related job losses highlight the inequities of the current health care system; and

Whereas, the present system is confusing, costly, wasteful, and leaves too many of our residents uninsured or stuck with high medical bills despite being insured; and

Whereas, eliminating the high administrative costs and waste would be beneficial to families and businesses;

NOW, THEREFORE, LET IT BE RESOLVED THAT THE the town of Trenton supports the creation of an equitable health care plan providing every Maine resident with health care from birth to death.
